

CHRIS MEASE FOR TRUSTEE

I am excited for the opportunity to give back to the wonderful community of Bow Mar if elected to serve as a Trustee for the Town of Bow Mar. I have been a resident of Bow Mar since 1999 with my wife Leslie, who grew up in Bow Mar and served on the BMOI board for 9 years. My wife and I always wanted Bow Mar to be the place for us to raise our children. Our two kids Mac and Savannah lived the childhood dream of growing up in Bow Mar. This inclusive community looks out for neighbors and helps in good times and bad, which is why we all moved to this amazing town. I am familiar with the history and traditions of Bow Mar and how important they are to all of us, along with the understanding that the community needs to evolve with the changing times. My family has participated in and enjoyed all the amenities and activities that Bow Mar has offered over the years including tennis, boating, 4th of July celebration and other great holiday traditions. We also started a new tradition for those of you who walk in Mary's Meadow around Christmas time, we put up the Wishing Tree. I hope to be able to honor everyone's wishes by continuing to make Bow Mar the most amazing community for generations to come.

I have been involved in Key Account sales for over 30 years working with some of the largest sporting goods companies in the US, including Columbia Sportswear, New Balance Athletic Shoes and The North Face. With my background in sales, I learned how important it is to make the transactions a win/win for both sides and feel that this skill can help get things done in Bow Mar that need to be accomplished. My wife and I are currently working for LIV Sotheby's International Realty and have been involved with real estate investments for the last 25 years. We realize how important it is to keep the Town of Bow Mar thriving so that we all continue to enjoy the values of our homes appreciating. We also understand the importance of having a safe town for our families to enjoy.

I would feel very privileged and honored if elected to serve as a trustee for this amazing community we all call home.
