#### Homeowner Checklist:

- Homeowner, Architect and Builder has read DRB guidelines and Bow Mar Building Ordinances found on [www.bowmar.gov](http://www.bowmar.gov)
- Complete DRB application. DRB needs 2 copies and recommends you make one for yourself.
- Turn in your project application to [mbirkeness@crsofcolorado.com](mailto:mbirkeness@crsofcolorado.com) by the 24th of the month so notification can be placed in the *Bow Mar Bulletin* prior to your DRB presentation.
- Submit two sets of Architectural Plans that include:
  - Lot Survey/Site Plan showing building envelope, hardscape, topography, **highlighting the highest point on the front setback**, shot by an engineer and stamped. This item is necessary if any work can potentially be near a property line or set back line.
  - Architectural Drawings with comprehensive elevations detailing structure, height, and building details with engineered measurements.
  - Drainage Plan stamped by an engineer, if grading is being changed.
- Color rendering/Materials board: samples must meet the following criteria – paint samples must be on at least a 12x12 piece of the actual material to be painted on (e.g. if painting on stucco, paint the actual color of choice on stucco to show the DRB) and actual materials used should be presented to the DRB at the meeting. Also included should be photos, from ground level, of the current view/materials/etc.
- Contiguous neighbors have signed your plans indicating they have been notified of the project.
